A Montreat Youth Conference is a unique event - a gathering of young people from all over the country for a week of study, worship, and recreation. A typical day at Youth Conference includes: morning energizers, keynote, and small group meetings, where the conference theme is explored; afternoon recreation activities and other options (Wednesday afternoon is free); and evening worship and recreation. The Montreat Youth Conferences are designed for high school students, entering freshmen through graduated seniors. They are co-sponsored by Montreat Conference Center and the General Assembly Office of Ministries With Youth.
